# Expert meeting cos-alpha 2022

## Residual stress specialists discuss special topics

The cos-alpha expert meeting will be used to discuss the realisation of an round-robin test.

Together with the participants of the expert and user meeting cos-alpha and other interested parties from the Technical Committee 13 Residual Stresses of the AWT, this year's expert meeting cos-alpha will be used to plan the production and execution of a round-robin test. On Thursday the 24.11.2022 the participants will meet to discuss the details of the execution online.
